* Police-reported accidents

† It is important to note that the data for 2005-2007 are not strictly comparable. Changes in data collection and reporting that began during 2006 with respect to property damage crashes have increased the total number of crashes, since the changes resulted in more property damage crashes being captured on the statewide Accident Information System (AIS) maintained by the NYS Department of Motor Vehicles.

Source: Compiled by ITSMR with data obtained from the NYS DMV AIS Data Base, September 2008.
